Vic Winter Blues

Nick Styles

Sometimes I found it hard to think of anything does anyone
But if that pretty foreign girl smiles at me one more time
Ill be having some fun
In come the rain clouds now and there goes the sunAnd there goes the sunRain is no good when you are feeling blue
Theres only one thing that I can do
Soon Ill be having some fun
Anywhere with anyoneOutside the rain starts falling, like a blanket across my mind
And the feeling that Im feeling soaks
My clothes body and soul
How do you mend a heavy heart soaked right to the bone
Soaked right to the boneRain is no good when you are feeling blue
Theres only one thing that I can do
Soon Ill be having some fun
As soon as Im in the sunSoon Ill be having some fun
As soon as Im in the sun
Soon Ill be having some fun
As soon as Im in the sunSoon Ill be having some fun
