

# Cradle

## Jennifer Leonhardt

Alice is under the blankets today  
And Alice is taking the afternoon in bed

### Refrain

Sometimes Alice finds it hard  
to stay lying down so it's good to remind  
Alice that the hand that rocks her cradle  
is always there

Alice has already done plenty today  
And Alice is taking the afternoon in bed

### Refrain

Sometimes Alice finds it hard  
to stay lying down so its good to remind  
Alice that the hand that rocks her cradle  
is always there

Alice is already hopping out of bed  
And Alice gets distracted by the somethings in her head

### Refrain

Sometimes Alice finds it hard  
to stay lying down so its good to remind  
Alice that the hand that rocks her cradle  
is always there  
It's always there  
It's always there  
It's always there
