

No Mind No Money

Beach Baby

I have no mind no money
I have no mind no money
That's alright
Can't do she said
I try to find it funny
I try to find it funny
All the carols
Can't do she said
Little, little, little,
I'm a little fucked up and a little
Beat up, beat up, beat up
But you'll never know
Need up, need up, need up
Need up the right to let her know
Honey in my mouth
So soon
Money in my hand
What to do?
Honey in my mouth
So soon And when I close my eyes
I find I'm left behind
That's alright
Yeah never mind
I had no mind no money
I had no mind no money
Oh cares
Can't do she said
Little, little, little,
I'm a little fucked up and a little
Beat up, beat up, beat up
But you'll never know
Need up, need up, need up
Need up the right to let her know Honey in my mouth
So soon
Money in my hand
What to do?
Honey in my mouth
So soon
