

Wow, I Can Be Sexual Too!

Say Anything

If i die and go to hell real soon
it will appear to me as... this room
if for eternity i lay in bed
in my boxers half stoned with the pillow under my head i'd be chatting on the interweb
maggots pray upon the living dead
i had no interest in the things she said
on the phone every day
i'll permanently hit the hay i called her on the phone and she touched herself
she touched herself
she touched herself i called her on the phone
and she touched herself
i laughed myself to sleep at this rate
i'll be heading for electric chairs
i'm only human with my cross to bear when she described her underwear
i forgot all the rules my rabbi taught me in the old shul you're too young to be this empty girl
i'll prepare you for this sick dark world
i know that you'll be my downfall but i call and i call and i call i called her on the phone and she touched herself
she touched herself
she touched herself i called her on the phone
and she touched herself
i laughed myself to sleep i don't know what i want
i don't know what i want
i don't know what i want
i don't know what i want
i don't know what i want (i met you on the internet)
i don't know what i want (the interweb)
i don't know what i want (i met you on the internet)
i don't know what i want (the interweb) i called her on the phone and she touched herself
she touched herself
she touched herself i called her on the phone
and she touched herself
i laughed myself to sleep woah!
i called her on the phone and she touched herself
she touched herself she touched herself
she touched herself i called her on the phone
and she touched herself
i laughed myself to sleep
