On My Way

William Crighton

I'm on my way, Lord
To the woman I pray for
Every night and every day, Lord
I'm on my way

I've seen my future
In my right hand
Now I understand
I'm on my way

The fire doesn't stop
It just burns hotter
The fire doesn't stop
It just burns hotter
The fire doesn't stop
It just burns hotter
For you

Hear them nailin'
Babes a-wailin'
Nothins changin'
I'm on my way

The fire doesn't stop
It just burns hotter
The fire doesn't stop
It just burns hotter
The fire doesn't stop
It just burns hotter
For you

I'm on my way, Lord
To the woman I pray for
Every night and every day, Lord
I'm on my way

I'm on my way, Lord
To the woman I pray for
Every night and every day, Lord

I'm on my way
