Evening At Lafitte's

Squirrel Nut Zippers

We meet at Lafitte's
Each night as twilight sleeps
The kind of revery
A kinda creepy feeling stealing over meThat's a place where everything's so fascinating
It's a place for dancing and romancing
That's a place where you and me should go if we were lovers
Stealing an evening at Lafitte'sAnd we need, your well appease
Each night as twilight creeps
Kind of revery
A kinda sleepy feeling creeping over meThat's a place where everything's so fascinating
And it's great for dancing and romancing
That's a place where you and me should go if we were lovers
Stealing an evening at Lafitte's
