

Let There Be Sin

Artillery

Power is a Human syndrome no-one can avoid
Trying to defend it won't do you any good
Why live your life in abstinence when wealth is to prefer
This is the only life you got so like it now and hereI love this life in sin believe me
And all the freedom that it gives to meLet out your desires and I feel the breath of lust
Do it for your own sake no matter what it costs
Spit on the preachers tolkjve and kick him in the ass
Make him eat his bible that has filled him up with trashI love this life in sin believe me
And all the freedom that it gives to meDamned are all religion they are only thieves of life
Would you like another Jesus watch an angel fuck your wifeIf God and Satan are fighting then let them fight
alone
If God strong he will survive, if not he will get blownAre you gonna hang around and watch this world go by
Don't you act so foolish it's a case of do or die
Lies and cheatings stole your life and your identity
Better reach out for it now, I'm here to set you freeI love this life in sin believe me
And all the freedom that it gives to me.
