

I Close My Eyes

Bee Gees

Look at me I'm riding high
Don't know what's wrong with me
Can't you see I'm not the guy
That I pretend to be?
Though I know I will be lonely
But our love will never die
I close my eyes, everyday
I close my eyes
The more I try the more I fail
I'd like to run away
But if I try you pass me by
I know that I can't stay
Though I know I will be lonely
But our love will never die
I close my eyes, everyday
I close my eyes
Though I know I will be lonely
But our love will never die
I close my eyes, everyday
I close my eyes
I close my eyes
I close my eyes
I close my eyes
