

# Insane Sometimes

Grace VanderWaal

Tap your foot and watch the clock  
I tried to look excited when you walked inside the door  
But it was all for sure  
I need to get it all out of my mind  
Just blast some music and close my eyes  
Hm oh, got me singing like woah oh oh oh Turn it up and I'll sing it loud  
And just shut the world out  
See the colors  
Feel it in my bones  
It goes, oh oh oh  
Spin the record, oh darling  
Inside of my mind  
And let's just go go go  
And lose track of time  
Here we go, on this crazy ride  
Here we go, in this crazy life  
And oh oh  
'Cause, 'cause don't you know?  
We're all a little insane sometimes Louder and louder with every thought  
Shaking the floors until the pictures fall off the walls  
The walls So we'll turn it up and I'll sing it loud  
And just shut the world out  
See the colors  
Feel it in my bones  
It goes, oh oh  
Spin the record, oh darling  
Inside of my mind  
And let's just go go go  
And lose track of time  
Here we go, on this crazy ride  
Here we go, in this crazy life  
And oh oh  
'Cause, 'cause don't you know?  
We're all a little insane sometimes Don't you know? (Ooh ooh)  
We're all a little insane sometimes Spin the record, oh darling  
Inside of my mind  
And let's just go go go  
And lose track of time  
Here we go, on this crazy ride

Here we go, in this crazy life  
And oh oh  
'Cause, 'cause don't you know?  
We're all a little insane sometimes  
We're all a little insane sometimes
