Oooh Baby

C+C Music Factory

Check, check, check this out baby!

Oooh baby oooh baby oooh baby oooh baby

Givin' it to you (give it up, give it up)

Throw da base

Fly girl jammin' to the beat
Use to be the kind of girls I would dare to meet
Lonely, sexy smile
The kind of girl makes me wanna do the wild thing

But one thing's for sure
Something 'bout you baby's got me mesmerize
The way you move so smooth
Girl you know exactly what I wanna do

I'm gonna get my love to you
Givin' it to you
I'll be givin' it to you

Givin' it, givin' it to you

Check it out, this is the deal
I've been looking all around to find the love that's real
True love so hard to find
I'll be yours and baby say that you'll be mine

I'm gonna get my love to you
Givin' it to you
I'll be givin' it to you

Givin' it, givin' it to you
Send "givin' it to you" ringtone to your cell
