

Dressed In White

Malcolm Holcombe

Candles in the window
Flashin' through the night
In a room upstairs is a woman
In my mind all dressed in white
Words wrapped up in losin'
Hammered to a wall
In a dirty city searchin'
In my mind all dressed in white
Dressed in white forever
Callin' for the best
The best her father offered
In my mind all dressed in white
Paul was a single man
Great as many been told
People come and go and why
In my mind all dressed in white
Dressed in white forever
Callin' for the best
The best her father offered
In my mind all dressed in white
Candles in the window
Flashin' through the night
In a room upstairs is a woman
In my mind all dressed in white
Dressed in white forever
Callin' for the best
The best her father offered
In my mind all dressed in white
Dressed in white forever
Callin' for the best
The best her father offered
In my mind all dressed in white
