War

Mitch Ryder

Once had a country - I loved her well
Once had a country and I - loved that country well
She got turned around and the - world just gave her hell
I don't wanna die - I don't wanna dieOnce had a car - a bad machine
Once had a car the quickest thing that I - ever seen
She burn up rubber and - burn up gasoline
I don't want to die - I don't wanna dieIt's time to go to war - It's time to go to warOnce had a woman - her name was Kim
Once had a woman - all the boys they called her Kim
She had the best one - legs were long an' slim
I don't wanna die - I don't wanna dieI drink good whiskey - eat steak filet
I drink good whiskey - an' I eat steak every day
The times are hard now - I just can't seem to pay
No more - it's too hard
I don't wanna die - I don't want to dieIt's time to go to war - It's time to go to warThere is some rich men - they're hiding out
Some very rich men - I can tell where they're hiding out
They gave me this life
but they refuse to hear me shout
I don't wanna die - I don't wanna dieHere's to our country - in freedom's way
Here's to our country - an' the fight for - freedom's way
I tell your loved ones to get down on their knees an'pray
I don't wanna die - I don't wanna die
It's time to go to war - It's time to go to war
