

# Down & Out

## Kid Kuddi

[Intro]Good Lord we back one mo' 'gin  
This for the people, this for the have-nots.  
I know what you going through  
I know what you dealing with on the daily, you feel me?  
Ain't nothing but sunshine from here.  
Let's get high

[Hook]Sippin' on this drank don't ease my pain  
Lord, I wish it would  
Smoking all this weed don't make me sane  
But it should  
In a world that's down and out  
In a world that's down and out

[Verse 1]I got my back against the wall  
Once again, I've been cornered  
Smoke that roach from my ash tray  
From the other day and down this last Corona  
That I scrape for, gotta make more  
Gotta get mine cause when I get time  
I'mma get shine and clear my runway  
And wait 'til I get signed  
To stretch my wings and fly  
Do what I gotta do to get by  
See the world through my third eye  
Would answer the things I worried about  
At the end of days, bills to pay  
If it's a white man's world, am I still a slave  
To the minimum wage?

Keep words minimal, subliminal  
Y'all won't make it anyway  
Out the traps they set  
Follow them tracks they left to the White House  
And tell Oprah Winfrey I don't need no chicken  
Bitch is gonna turn my lights out  
On a daily basis  
Piece of American Pie they cut me, I can barely taste it  
But I know it ain't 'bout shit cause my grandma ain't make it

[Hook][Verse 2]Can't take that for granted though  
I'm still searching for antidotes

Niggas outchea sick from the money they spent  
Trying to get more cars and clothes and hoes  
That really know they poles, is that on earth winning y'all?  
Is every woman in a sundress, really down for the cause?  
I can't be sure, nowadays everybody 'bout dough  
About the play, a queen to be? A gold digger? I can't even say  
But either way I strap up, wrap up  
Cause I don't want no capsules after  
A rock-a-bye that I deny cause she stay on heads like tassels  
And that's not to say ain't no queens around my way  
I seen one the other day, but she had bruises on her face  
And cried to me that men ain't shit and she fed up  
They only want her with her legs up  
Even though her nose swollen and eye was closed  
I told her keep her head up  
[Hook]
