Live Forever

Picture Me Broken

You painted me a picture of tomorrow
A place where you and I walked hand in hand
A world without despair and without shadows
But things just didn't turn out how we'd planned
Now you're gone
And I believe that there is somewhere
Where the angels fill the sky
And I believe we'll live forever
You and I, you and I, will never die
I wonder if you knew that you were leaving
I thought that I saw something in your eyes
You painted me a picture of believing
I'll see you there on the other side
And I'll be there, yes I will
I believe that there is somewhere

Where the angels fill the sky
And I believe we'll live forever
You and I, you and I, will never die
You and I, will never die
You and I, will never die
We'll live forever, we'll live forever
Oh, I believe that there is somewhere
Where the angels fill the sky
And I believe, yes I do, we'll live forever
You and I, you and I, will never die
Will never die, will never die
We'll live forever, I believe, we'll live forever
I believe I will live forever, will live forever
