

# Soul on Fire

## HIM

There's a flame that leads our souls astray  
No one's safe from its tender touch of pain  
And every day it's looking for new slaves

To celebrate the beauty of the grave  
We are like the living dead, sacrificing all we have  
For a frozen heart and a soul on fire

We are like the living dead, craving for deliverance  
With a frozen heart and a soul on fire  
And again we're falling for disgrace

And hate will shelter us from the rain  
We are enslaved by the sacred heart of shame

And gently raped by the light of day  
We are like the living dead, sacrificing all we have  
For a frozen heart and a soul on fire

We are like the living dead, craving for deliverance  
With a frozen heart and a soul on fire  
Addicted to our divine despair

The venom of the cross we bear

The guilt will follow us to death  
We are like the living dead, sacrificing all we have  
For a frozen heart and a soul on fire

We are like the living dead, craving for deliverance  
With a frozen heart and a soul on fire

With a soul on, soul on, soul on fire  
Soul on fire, soul on fire
