

# Get Away

## Brainiac

Mom says I can't play with you no more  
It's cold outside and every night she locks the doorI don't mind  
    Yeah, it's no great loss, I swear  
I don't like you much todaytwo, three, fourGive me back my turquoise Albert Schweitzer doll  
    You can have your barbies for my monster ball  
    I can't seem to rewind your eight-track mind  
I don't like you much todayI don't care what you do  
    I don't care what you say  
    I don't want to know your secrets  
Wish you would just get awayGet away from me
