Cover Your Tracks

Storyhill

We wrote the last act
Now Nora comes back
in the end to stay
I can't help but wonder
Did I miss the point
but it feels better that way
Cover your tracks
that they're apart of you
and everybody knows you're here
Cover your tracks
why are you so afraid
how do you live with the fear
Nothing is certain
It's just smoke and mirrors
and heresay
Sounds like you've been here
to ask directions
And went that way
Cover your tracks
that I'm hot on your heels
watchin' your back for days
Cover your tracks
but here's a broken branch
and I hear you lost your way
Circle back
...
I broke the silence
Because nothing hurts like
nothing to say
I wrote you a letter
and wrote another
and threw them away
Cover your tracks
that could've led you home
back to from where you came
Cover your tracks
and nothings left of you
only your tracks remain
