

# Precious

## Little Dragon

Precious, you know I cant stay  
I asked, you never told me  
So soon, I take myself back again again, again  
Im bitter sweet  
You know that I cant pretendPrecious, I cannot hold back  
I asked, and you put me off track  
So soon, I dream myself back again again, again  
Im bitter sweet  
You know that I cant pretendPrecious, you know I cant stay  
I asked, you never told me
