Glow Stick

Travis Garland

From the moment I saw you
Stars didn't seem so bright
When I got to know you
Girl, you lit up my lightTo the night, you lead me
To a place that can't see
Where we can just be alone
From the look on your eyes
It's about fool mine
Don't act like you don't knowCause you're shining like a glow stick
Girl, your body's so sick
Everybody knows it
And I don't know if you notice
Girl, you got me open
Trying not to show it
It's the way skin glows
When we're lost in the dark
And when you touch my body
I can feel the beat of your heart
I've never felt this way before
But tonightLet's go to somewhere
You want to fantasize
(And I)
I wanna hold you in the darkest
Girl, I never felt so alive
(Alive)To the night, you lead me
To a place that can't see
Where we can just be alone
From the look on your eyes
It's about fool mine [?]
Don't act like you don't knowCause you're shining like a glow stick
Girl, your body's so sick
Everybody knows it
And I don't know if you notice
Girl, you got me open
Trying not to show it
It's the way skin glows
When we're lost in the dark
And when you touch my body
I can feel the beat of your heart

I've never felt this way before
But tonightGirl, let the neon lights
Run through your body
I'm in a trance
And nothing is gonna stop me
Just take my hand
And I'll let you lead the way
Lead the way
Girl, let the neon lights
Run through your body
I'm in a trance
And nothing is gonna stop me
Just take my hand
And I'll let you lead the way
Lead the wayCause you're shining like a glow stick
Girl, your body's so sick
Everybody knows it
And I don't know if you notice
Girl, you got me open
Trying not to show it
It's the way skin glows
When we're lost in the dark
And when you touch my body
I can feel the beat of your heart
I've never felt this way before
But tonightSaid it's the way skin glows
When we're lost in the dark
And when you touch my body
I can feel the beat of your heart
I've never felt this way before
But tonightIt's the way you glow
Glow, glow, glow
It's the way you glow
