9

Willow Smith

Breathing is easier under water,
I can see the sky from here
Please remember all you've taught her
I can see God from hereIf only I could stay, If only I could stay for you
I would try
If only I could wait,If only I could wait for you
I would flyIf only I could stay, If only I could pray
If only I could wait, If only you could stay
Up, up in your zone,
Yes, you're all alone
Yes, I'm all alone
Not negative, just different
You wanna have lunch, and I wanna have a picnic
You wanna go out, I wanna just fly all night'Cause baby you got me tired up in this,
Loving it's tough 'cause I want to help you
but you keep being so afraid, afraid
If only I could stay, if only you could stay
Up, up in your zone,
Yes, you're all alone,
Yes, I'm all aloneGetting in the car, we cruisin', going down the pch,
I'm going to get a smoothie
Never had a problem,
but I know that you gon' do this,
'Cause you're the smoothestBlues is the emotion that I'm feeling
Apology's an option, let me hear it
What took you so long to finish your storm?!
Not negative,
Just different
You wanna go out, I wanna finish living
You wanna get up,
When I could just lay all day with you
I could just stay all day with you!Hey baby, you're sack of potatoes,
We could grow eyes for later moments to savor
We made, we made, we made ours ours
I can't stop, stop,
You've gone away, away, away
I don't play wanna no more,
I'm not a kid no more
I've did some things that you can see,

That I've been gone away
That I have room to be whom I want to be,
and you don't even talk to me!
It's three,
It's three,
It's me,
It's more,
It's jay,
It's all these days
My days are numbered,
You can come through
