

# I Love You

## Nine Days

When I was younger man I hadn't a care  
Foolin' around, hitting the town, growing my hair  
You came along and stole my heart when you entered my life  
Ooh girl you got what it takes wanna make you my wife Since then I never looked back  
It's almost like living a dream  
And ooh I love you You came along from far away and found me here  
I was playin' around, feeling down, hiding my fear  
You picked me up from off the floor and gave me a smile  
You said you're much too young, your life ain't begun, let's walk for awhile And as my head was spinnin'  
'round  
I gazed into your eyes  
Ooh I want you Thank you girl for being a friend  
And shinin' your light in my life  
'cause ooh I need you As my head was comin' round  
I gazed into your eyes  
And thought ooh I want you Thanks again for being my friend  
And straightenin' out my life  
'cause ooh I need you Since then I never looked back  
It's almost like livin' a dream  
Ooh I got you If ever a man had it all  
It would have to be me  
And ooh I love you
