

Babylon

OutKast

I came into this world high as a bird
From second hand cocaine powder
I know it sounds absurd
I never tooted but it's in my veins
While the rest of the country bungies off bridges
Without no snap back
And bitches they say they need that
To shake they fannies in the ass clubs They go the other route
Turn each other out
Burn each other out
Where a bonified nigga like me
Can't even get no back rub these days
Ain't that bleak on they part
But let me hold it down
'Cause they shut you down
When you speak from your heart
Now that's hard While we rantin' and ravin' 'bout gats
Nigga they made them gats
They got some shit that'll blow out our backs
From where they stay at Ooh, I fear the battle's just begun
Ooh, though we're here someday we will be gone
So I'm hopin', wishin', prayin'
To keep my faith in you, in you
(Yo, yo, yo) I'm fascinated by the way yo
Nipples peak at me through yo blouse
Freaky me, freaky you
Can't help but be aroused
'Scuse me Lord less for thinkin'
But that's the way we was brought up
Sneakin' to watch playboy at night
We all must be caught up in worldly ways Chemistry between boys and girls
Is alot like when we went to the woods
And laid with the squirrels
Durin' P.E., we'd be
Exploring each others privates
Hunchin' with all our clothes on
Until we felt excited then, aah Oh now it's on from here on out
Put yo hands in the atmosphere
If you know what I'm talkin' 'bout

Now if two hearts done walk on out
And I see you on the next song
They call it horny
'Cause it's devilish
Now see we dead wrong Ooh, I fear the battle's just begun
Ooh, though we're here someday we will be gone
So I'm hopin', wishin', prayin'
To keep my faith in you, in you People don't know the stress I'm dealing with day to day
Speakin' about the feeling I'm possessing for rene
Mopin' around and wondering where she stay
Saw her last that she lay
Give it another day I say
But the Lord he taketh away Now give it back lawd
'Cause that's like backboards without the rims
Me and my auntie was tight like southwest
Before the pinks moved in
Like the niggas that owned the liquor store
Crack cocaine, pimps and whores
Livin' up on this earth
Before a nigga like daddy was born But they makin' a scene
That my music and crime are a team
But I'm speakin' the truth not dreams
So what in the fuck they mean
My lyrics ain't clean Ooh, I fear the battle's just begun
Ooh, though we're here someday we will be gone
So I'm hopin', wishin', prayin'
To keep my faith in you, in you Ooh, I fear the battle's just begun
Ooh, though we're here someday we will be gone
So I'm hopin', wishin', prayin'
To keep my faith in you, in you Ooh, I fear the battle's just begun
Ooh, though we're here someday we will be gone
So I'm hopin', wishin', prayin'
To keep my faith in you, in you
My faith in you
My faith in you
My faith in you
My faith in you
My faith in you
My faith in you
My faith
