Macho Macho

Falco

That's underground
And fly
Macho Macho
I don't like your style
Macho Macho
You'll be floatin' on the river Nile
Macho Macho
So get down on your knees and pray
Macho Macho
I'm gonna blow your Macho Macho mind away, away
And the boys are singin'
Na - na - na - na - na
Hip, hip
Na - na - na - na - na
So listen
I heard a story the other day
And I've been wonderin' what they got to say
They said you took ma lady for a ride
They said it lasted to the morning light
So listen
I am not a violent boy
But you touched my lady and she's my
Favourite toy
And you're
Macho Macho
Fade out
The boys don't sing anymore
