

# Lamentation

## The Dears

Show me some mercy  
Show that you care  
Show you've got something to spare  
We heard that you're rollin' on gold  
We heard that you can't get old  
We believe almost anything we are told  
We believe in what the prophesy says  
Those billions of souls on the edge  
I'm only interested in one of them  
Don't take my lamentation  
Don't take my lamentation  
Don't take my lamentation  
Don't take my lamentation  
Don't tell me that I've got to settle down  
And don't tell me what goes around comes around, no  
Don't make no promises that can't be bound  
Don't make no promises that can't be bound  
Show me some mercy  
Show that you care  
Show you've got something to spare
