

Over The Rainbow

Erasure

Somewhere over the rainbow there is a light that shines
Like saying prayers on a Sunday, makes me feel so divine
I never knew such a burning love before
Oh you stop and you hear me crying out for more
The boys are back in town, they'll never let you down
That much is true, ca me fait grand plaisir
Peux-tu raccoucher a cote de moi?
We'll spend the summer in Oslo, land of the midnight sun
And by the time that it's over we will have just begun
Oh how I love you lying by the pool
Oh we'll listen to Agnetha, Anni-Frid, Benny and Bjorn
The boys are back in town, they'll never let you down
That much is true, ca me fait grand plaisir
Peux-tu raccoucher a cote de moi?
I never knew such a burning love before
Oh you stop and you leave me crying out for more
The boys are back in town, they'll never let you down
That much is true, ca me fait grand plaisir
Peux-tu raccoucher a cote de moi?
