

# Into the Dark

[Ben Lee](#)

Feeling' better since I surrendered  
You can't climb till you're ready to fall  
You're not a land mine, you're not a gold mine  
No you're not mine at all So tell me baby, can you hear me  
I sent a message out into the dark  
It's a mystery when you're near me  
I've gotta find my way to your heart I learnt my lesson first impressions  
More often right than wrong  
It's not a slow dance, this modern romance  
Feels like we've already waited too long Don't worry baby, that how it should be  
I sent a message out into the dark  
I'd rather talk to you about how it could be  
I've gotta find my way to your heart I was one of those breathing tornadoes  
But now I live at the eye of the storm  
And it's all faded then since the separation  
Since I let your love keep me warm You tell me baby, that you can feel me  
I sent a message out into the dark  
When I kiss you that's the real me  
I've gotta find my way to your heart So tell me baby, can you hear me  
I sent a message out into the dark  
It's a mystery when your near me  
I've gotta find my way to your heart  
I've gotta find my way to your heart  
I've gotta find my way to your heart
