

# Beautiful Life

## Artemis

nothing really dies  
nothing's ever lost forever  
nothing really dies

it's a beautiful life

a child swaddled in questions  
drifting through the universe  
with no compass to guide  
but a tiny ember burns  
like a star inside

it's a beautiful life

caught in this gravity of being  
this soul's fire  
makes diamonds of the darkness in me  
one blackbird chases after another  
blindly to secure  
a little bit of real estate  
a corner of the sky to conquer

it's a beautiful life  
caught in this gravity of being

this soul's fire  
makes diamonds of the darkness in me  
cast in a silent spell  
immobility  
frozen under ice and stone  
mountain wraps its arms round me  
pressing diamonds of this heart of coal

it's a beautiful life  
beautiful

nothing really dies  
nothing's ever lost forever
