

# Dark Side of the Moon

## Mystic Prophecy

I'm afraid of day and night  
I'm breaking into thousand pieces  
Hands are touching me, again and again  
And I can't defeat myself  
Is this only a dream?  
Please tell me why! It's the dark side of the moon  
When I see your face in black Every night, destroying my dreams  
I'm crying and try to escape  
Cause the pain is unbearable  
When you close  
The door behind you  
I stay alone with my shattered  
Dreams and all the pain  
It's the dark side of the moon  
When I see your face in black I'm trying to walk away  
But I know that you're coming back And it will happen in the most  
Beautiful parts of my dreams  
And everything will start again  
And I ask you why?  
I'm trying to walk away  
But I know that you're coming back It's the dark side of the moon  
When I see your face in black
