

# Into the Wild

## Gossip

[Verse]

You want me to be honest  
Tell you all the words you want to hear  
So I went and made a promise  
And I quickly became your worst fear out here

[Chorus]

In the wild, to the wild  
We'll self-destruct together  
I'm part of you now  
In the wild, to the wild  
We'll self-destruct together

It's all over now[Verse]  
Few fail to break the silence  
Most prefer the calm before the storm  
You choose cities over islands

I'm returning to the place where I was born at home[Chorus]

In the wild, to the wild  
We'll self-destruct together  
I'm part of you now  
In the wild, to the wild  
We'll self-destruct together  
It's all over now[Bridge]

Oooh, oooh  
Don't wanna risk it  
Taking it too  
I existed for you  
Don't wanna risk it  
Taking it too  
I existed for you
