

American Idle

Los Lonely Boys

I can't stand all this
I don't need all this bleeding and dying,
for crying!
Like a slap in the face to your mother,
What we're taking we steal from our father
When we should be helping each other, yeah!
Oh!

Take a good down look in the mirror,
Can't you see that you're burnt from the fire?
Can't you see that you dumped your, yeah!
Just stop the greed and the murder,
I'll go racist because of your color,
I will need to love one another,
Always found his breath to love!

Chorus: (x2)

Everybody knows you've gotta make a dollar just to get along,
Love is something new, and always in the
Why do we have to? We don't have to, yeah!
A parar de pelear y matarnos,
De morir y sangrar y envidiarnos
Vamos a desparramar amor!

Chorus:

Everybody knows you've gotta make a dollar just to get along,
Cause you have to, you have to, yeah!
Love is something new, and always in the
Why do we have to? We don't have to, yeah!
A parar de pelear y matarnos,
De morir y sangrar y envidiarnos
Vamos a desparramar amor!
