Your Shadow

John Foxx & Louis Gordon

And the watch says midday
And the calendar says it's dark outside
And the tv says it's midnight
And you vanish in the falling lightAnd you
You leave your shadow behind
Yes you
You leave your shadow behindAnd we talk in cascades
And we're living by strange designs
And there's something almost splendid
In all this tangled timeAnd you
You leave your shadow behind
Yes you
You leave your shadow behind
You leave your shadow...
You leave your shadow...
You leave your shadow...
You leave your shadow...
