Heart Like a Lion

Pressure Point

[Chorus]
A heart like lion, burning like fire
Waiting just to be set free
A heart like a lion, burning like fire
How can I bear captivity
Some they tell me I'm a fool, a fool who walks this road alone
So afraid of making changes, remember that nothing is carved in stone
Oh tell me why we're so afraid of the secrets locked with in our souls
Everything that we're made of is dying just to be exposed

[Pre chorus]
So don't turn your back on yourself, there's nowhere to run
You know your life's not a practice run
It's time to wake up you're mind
For maybe tomorrow will never come or maybe it will but by then it's too late
There's nothing left to do but cry
So now you cry and you don't know why, and now you cry but you don't know why

[Chorus]

So what you want to be now well it's time to realize
That everything you need now has been right in front of your eyes
Don't point your fingers and blame, remember it's never too late to change
Don't point your fingers and blame, remember it will be okay

[Pre chorus]

[Chorus]
