

# Swept Away

Nick Murray

The evil fell from your pretty mouth, wrapped in your classic voice  
Angelic in your syntax, demonic in your motive  
Your pretty eyes don't know that  
The water flowing from this well isn't fresh  
Demolish all that sets you up against your rising up  
Confessing all that's broken and watch the healing come  
Spread out your open hands, admit you've held them shut  
Turn all the way around, be swept away by this  
Time for surrender  
Spread out your open hands and he will raise you up  
Confessing all that's broken and watch the healing come  
Spread out your open hands, admit you've held them shut  
Be swept away by this

Your clothes are smooth and spotless, the air is putrid sewage down  
Wind of your pressed church clothes  
Your eyes are black and empty, your deeds are just for showing  
How big and bright your fake smile glows  
I see you moving and their getting scared  
Their eyes are focusing on something else  
Your staring at me and I stare at you  
I rage against everything that you do  
See them surrender  
Spread out your open hands and he will raise you up  
Confessing all that's broken, look at the healing come  
Spread out your open hands, admit you've held them shut  
Be swept away by this

I see you moving and they're getting scared  
Their eyes are focusing on something else  
You're staring at me and I stare at you  
I rage against everything that you do  
So get this hell out, get this hell out of my way  
There's nothing more that you can say  
So get this hell out, get this hell out of my way  
Get this hell out, get this hell out of my way  
We spread our open hands and he is rising up  
Repairing all that's broken, look at the healing come  
We spread our open hands, forgiveness holds them up  
We're swept away by this
