

Wtf Collective 3

Jon Lajoie

MC Every Day Normal Guy: Every day normal guy here to get the track started

My average lyrics are between genius and retarded

I drink tap water and watch all the CSIs

I put my thirty dollar pants on one leg at a time

I sleep eight hours a night and eat three meals a day

I'm motherfucking content, I got no reason to complain

I have a roof over my head and I got clothes on my back

My verse is done it wasn't great, but hey it wasn't that bad MC Uses Time Machines Irresponsibly: Yo I'm MC

uses time machines irresponsibly

Went back and found Judas Iscariot in 33 AD

Gave him 31 pieces of silver to rat out the wrong guy

Then I planted Monsanto seeds in dinosaur time

Gave Bill Gates my iPhone in 1973

Then I traveled in time to the night that I was conceived

I met up with my parents and we hung out all night

Come to think of it they didn't have any alone time (Noooo..) MC Nauseous: MC nauseous up in this motherfucka

I don't feel so hot, shit I think that I am gonna (oooooohhh)

Why am I so sick, what I eat?

(Cat food will make expired yogurt taste less like cheese)

Oh right... MC Cock Blocks Himself: MC cock blocks himself, hey girl what's up?

You so sexy, we should probably hook up

Crawl in a hot tub with a bottle of champagne

By the way I have a girlfriend and I think I might have AIDS (where you goin?) MC Necrophiliac: MC necrophiliac where all my dead bodies at?

Crashing funerals just so that I can get a whiff of that

Decomposing bodies scent, my favorite aphrodisiac

Flat lining gives me a Pavlovian erection in my pants

Turn-offs include breathing, pulses, and signs of life

My turn-ons are rigor mortis, cold flesh, and suicide

If you're not stiff as a board, I won't be stiff and I'll be bored

Wait, what do we have here? Looks like I'm about to score Chorus:

You have to be kidding me (what the fuck is going on?)

This can not be happening (I don't wanna do this any more)

This must be a bad dream (leave me alone)

Why am I still singing? (I motherfucking killed myself!) MC Gets Sidetracked Easily: Yo MC gets sidetracked easily back in the heezy

By heezy I mean house, not the show I think it's cheesy

My favorite show is Dexter, that guy was also in Six Feet Under

My first experience with death, I was just sixteen
 My dog got run over by a truck and his head exploded
 Like Robert Patrick in Terminator 2 when he's frozen
 It's freezing in Iceland, I was just there on holiday
 Hold on, I think I got lost again, what was I trying to say?MC Who Couldn't Speak In The Present Tense:I was
 MC who couldn't speak in the present tense
 I'm gonna have a lot of money and my dick was immense
 It would have been difficult, people assumed I was a retard
 I'll have a serious problem, communicating was hardMC Constipation:Yo I'm MC constipation, it has been
 three days since
 My last bowel movement, I'm starting to get impatient
 Spending hours on the toilet, yet nothing ever comes of it
 Intestines are like politicians, they're constantly full of shit
 I wish my bowel movements were a little more like my rhymes
 Always smooth and free flowing, it would save me a lot of time
 Push for hours with no result, not even a brown Brussel sprout
 My shit's like a gay Republican, it's not planning on coming outMC Invisible:Yo I'm MC invisible, you can't
 see me
 The only rapper in this industry that can't be seen
 By the naked eye, I won't lie, it's hard to get the fan base
 When image is everything and I literally don't have a faceMC On The Phone With Ted Danson:I'm MC on the
 phone with Ted Danson, keep it down
 Skip to the next verse, I'm on the phone with Ted Danson, not now
 Hold on Ted, I don't wanna be in the song anymore, leave me alone
 This is more important, I'm on the phone with the guy who played Sam MaloneMC Confusing:MC confusing
 rapping up the song
 Like a Plasticine high five in a helicopter thong
 I got ricochet highlights from the Fleet Fox's knife guy
 We out like a rice fight in a vampires wife's lifeChorus:
 Maybe this isn't so bad (better than my last job)
 Taking it in the ass for cash (twenty bucks a pop)
 Maybe things will turn around (being a zombie's pretty cool)
 Things couldn't get worse anyhow
