

# DEAD WORLD

ã,®ãf«ã,¬ãf;ãffã,·ãf¥

Look down around  
All is not well  
Victim of change  
Far out of range  
A in non-A  
Be or be not  
See what I see

Get what I got Sometimes I wish I could see beyond this dead world

Sometimes I wish I could see beyond me

Dead World King of my world  
This rule I break  
King of my world  
I eat my cake  
A in non0A  
Be or be not  
See what I see

Get what I got Sometimes I wish I could see beyond this dead world

Sometimes I wish I could see beyond me

Dead world Softly, angry, bitter, killer  
Torn flesh, more less, ears curled  
Dead World
