

# It's Too Late

## Hope Partlow

I know my heart was cold  
But take back all the things I told you  
I trade my soul away for just another day  
To hold you  
But you're not coming back  
The dirt's already past  
The sky has turned to black again  
It's too late to regret  
'Cause you've already left  
It's too late to hold on  
'Cause you're already gone  
I don't know how I will carry on  
I feel your body near  
I close my eyes and hear you call me  
I swear your voice is real  
I reach my hand to feel you draw me  
When I look around  
You're nowhere to be found

You've left without a sound again  
It's too late to regret  
'Cause you've already left  
It's too late to hold on  
'Cause you're already gone  
I don't know how I will carry on  
I don't know how I will carry on  
It's too late to regret  
'Cause you've already left  
It's too late to hold on  
'Cause you're already gone  
I don't know how I will carry on  
It's too late to regret  
'Cause you've already left  
It's too late to hold on  
'Cause you're already gone  
I don't know how I will carry on  
I don't know but I will carry on
