

# Guess You Didn't Love Me

Gilles Peterson

(Come on) Uh-uh  
(Ha-ha) Uh, well  
Baby Dove in the mix, what  
(What's up) Yeah, come on  
(Let me know what's goin' down, ma)  
I guess you didn't love me (Ha-ha)  
I just guess you didn't (Come on)

Tell me, well, you mean to corner me that way  
Hope not  
Maybe it was mistake, stressed out  
And you need to take a break from this relationship

But I, you said I was your everything, your dime  
Why can't you just make up your mind  
But I don't feel like wonderin' this time  
Are you gonna stay with me, boy

Do you want to give up  
Are you gonna let my love go  
Baby, think it over  
Someone else will have my heart

So do you really want that  
If you do then  
I guess you didn't love me  
Love me at all

Could you take seein' me with someone else  
Would you be mad at yourself  
Would you regret the decision you made  
And want to come back to me

So bad, too bad, it'll be too late  
Separation's somethin' you create  
Bein' without you is somethin' I would hate  
But when it's over it's over

Do you want to give up  
Are you gonna let my love go

Baby, think it over  
Someone else will have my heart

So do you really want that  
If you do then  
I guess you didn't love me  
Love me at all

Do you want to give up  
Are you gonna let my love go  
Baby, think it over  
Someone else will have my heart

So do you really want that  
If you do then  
I guess you didn't love me  
Love me at all

Come on, ma, what the deal, what time is it  
I got the engine runnin' you ready to ride wit? it  
You talkin' low voice crackin' the crisis  
And somethin' in your eyes in indecisive  
I'm scramblin' for clues tryin' to find where your  
mind is  
Conversation filled with uncomfortable silence  
I'm playin' good deed tryin' to tackle the problems  
Wonderin' how the hell you got into office  
Wow, what part of the game is this  
You want to feel, makin' rules, what play is this  
I thought that we was whole team, but you're Sushi Uni  
And now you got the whole game lookin' different to me  
But get your focus, baby girl, and just listen to me  
I don't want it if you don't want to give it to me  
Bein? the boss I am, I don't force my hand  
Yeah, I'm hurt, but you don't understand how sure I am

Do you want to give up  
Are you gonna let my love go  
Baby, think it over  
Someone else will have my heart

So do you really want that  
If you do then  
I guess you didn't love me  
Love me at all

Do you want to give up  
Are you gonna let my love go  
Baby, think it over  
Someone else will have my heart

So do you really want that  
If you do then  
I guess you didn't love me  
Love me at all
