Hard Way

David Stephens

I touched the guilt in your eyes
As your lips begin to lie
And it kills me every time
But I always learn the hard way
Just be cool, be kind
Don't be dumb, don't be blind
It's the sweet, that's in your smile
It's nothing old, nothing new
But I always learn the hard way
And it always ends in heartbreak
You put me in a hard place
I'm always in a hard way
My heartbreaks with you
I don't cry, I don't complain
There's a pattern to this pain
Just keep holdin' that could change
But I always learn the hard way with you
Let's just face it, I'm complicate
Don't get comfortable, yes,I'm jaded
And it's all my fault
'Cause I know what to expects so it's cool
Nothing new
So I always learn the hard way
And it always ends in heartbreak
You put me in a hard place
I'm always in a hard way
My heartbreaks with you
Apologies and promises
Our empty words same ol'
Yesterday we were on
And you were here
And now you're gone
But I always learn the hard way
And it always ends in heartbreak
You put me in a hard place
I'm always in a hard way
My heartbreaks with you
