Our Last Night

Los Lobos

Now at last the night has fallen
We're all alone
The sky is dark, the stars are bright
And we're so far from home

You and I have been together
For so many years
If love is right, why do you fight
To hold back needless tears

Tell me that it'll be alright
But when I'm deep inside I realize
That this our last night

Bring your pretty head closer
Get it close to mine
Your eyes are saying something
But the words are hard to find

Love don't know it lasts forever
Ours is here to stay
After all the love we've given
Please don't look at me that way

Tell me that it'll be alright
But when I'm deep inside I realize
That this our last night

Feelings come and hearts fall broken
Slipping through our hands
The ways of life and love
I'll never never understand

If it's true what you've been saying
If there's still a chance
Why is it that the two of us
Can't rescue this romance

Faded love don't ever come back
So the story goes

There is a side of you and I
Where love no longer goes

Tell me that it'll be alright
But when I'm deep inside I realize
That this our last night
