Caroline

Bernie Paul

Caroline - you are my number oneCaroline - your lovin' came so strongWhen your eyes first met mine - we both knew
What was comin' for me and for youSweet lovin' Caroline
you're to good to be true.
Caroline - the way that you walk your walkCaroline - and how I adore your talkWhen your fingertips 're curling my hair
It's a feelin' beyond all compare
sweet lovin'Makes me shiver from my head to toe.
Caroline - you're so fine
you're a wonder of nature.
Caroline - you're a wild flower growing so free.
I'm so glad what a beautiful day when I found youCaroline - can't you see you're my everything.What a sound you whisper in my earAll the words that you know I'd like to hearAnd when your body gently meets mineWe are far away from space and timeSweet lovin' Caroline - make it last all our lifes.Caroline - you're so fine
you're a wonder of nature. . . .
No more tears
no more fears
no more lonely nights
'cos I got you
girl
you're my hope
you're my dopeNo one can ever cope
you got even more to show.
You got style
you can smile
you got more than just only
Some sex-appeal - it's a hightime with you.
Everything that we do
we're doin' with all our hearts.
Caroline - you're so fine
you're a wonder of nature...
