Burn That Bridge When We Get to It

Lagwagon

burn those bridges to the ground, ground, ground,
without a sound we just blew up hard to be a ?desert? to this is our heart,
this is their truth someone told you live is short but short's just long
no need for validation short
you never needed song you without harmony
you gave them underwelming for change
lives worth ending in a flat low gesture
passionate to some is not enough
a ?calatter? to the lounge ???
you make them proud to crush you see
if they like watching you burn just like the bridge
you wandered first so burn those bridges to the ground
without a care you know you not leave
before they're here (there)
ain't left addicted to the sound of insufficient
only recognized before you compromised
