

Arlandria

Foo Fighters

Ain't that the way it always starts,
A simple round of conversation,
Became a shameful equation,
I flipped to station to station, Hey. Don't go and turn the other way,
Don't say there's nothin' more to...say,
Come on hear me out,
Hush, hush, settle down,
Button up, don't make a sound,
Shame, shame, go away,
Come again some other day. You used to say I couldn't save you enough,
So I've been savin' it up, I started savin' it up,
And when you said I couldn't give you enough,
I started givin' you up, I started givin' you up. You are not me, Arlandria, Arlandria.
You and what army, Arlandria, Arlandria?
Oh, God you gotta make it stop. Chase...all of those memories away,
Save them all for another day,
Don't you remember it was rain that drowned you, Wait! I wanna see if you can change,
I wanna keep all I can take,
I feel much better now,
Use me up, spit me out,
Let me be your hand-me-down,
Fame, fame, go away, come again some other day. You used to say I couldn't save you enough,
So I've been savin' it up, I started savin' it up.
And when you said I couldn't give you enough,
I started givin' you up, I started givin' you up. You are not me, Arlandria, Arlandria
You and what army, Arlandria, Arlandria?
Oh, God you gotta make it stop.
My sweet Virginia, I'm the same as I was in your arms.
My sweet Virginia, I'm the same as I was in your arms. Shame, shame go away,
come again some other day.
Memories keep haunting me.
Help me chase them all away.
Hush, now settle down,
Button up, don't make a sound.
Close your eyes, turn around.
Help me burn this to the ground.
Come now, take the blame, that's okay, I'll play the game.
I don't care, it's all the same, watch it all go up in flames,
Use me up, spit me out,

Let me be your hand-me-down.
Fame, fame, go away, come again some other day. You used to say I couldn't save you enough,
so I've been savin' it up, I started savin' it up.
And when you said I couldn't give you enough,
I started givin' you up, I started givin' you up. You are not me, Arlandria, Arlandria.
You and what army, Arlandria, Arlandria?
Oh, God you gotta make it stop. My sweet Virginia, oh, God you gotta make it stop,
My sweet Virginia, oh, God you gotta make it stop.
