Sway

Annuals

One, two, three, yeah!

I'm in love with everything I see today
Well, it's bright, and new

Some waves have borrowed all of my pain
For the next few hours, I can sway

I can sway. Where I lay, I can sway

The water's rising, life is ending
Oh, I've lived on top of my own words

Simplified
I'm not shaking
Speed is the only factor

A kitten on a patio, a kitten on a patio is looking for me
A kitten on a patio, that kitten on a patio can't get to me where I lay

Where I lay, I can sway, where I lay, I can sway

The water's rising, life is ending
Oh, I've lived on top of my own words
Have it all, we'll have it all, we, we can
