# First Bad Habit

## Vanessa Hudgens

Turn it off turn it on
Like the vibrate on your phone
Call me up wanna talk
Then you freeze me
It's the same when you're gone
Keep me guessin' what you want
But my heart says it's you who can please me

I get pushed to extremes
And I should know what it means
But I can't get bear the game to be over
When your moods never change
Only got myself to blame
Cause I fall for it over and over

[Chorus]
You're like my first bad habit
I can't live without it
I can't give you up, give you up
And even though you're trouble
I come back for double
I can't say enough is enough
I'm a part of you, you're a part of me
And I know it's wrong but I can't get free
You're like my first bad habit
How am I gonna give you up

You're the worst, you're the best
Something different from the rest
It's a fact seeing you's never easy
Love my style hate my friends
No the conflict never ends
How much worse can it get when you tease me

And I know [repeat 4x]
The way we go around
Can't put my first bad habit down
And I know [repeat 4 x]
The way we go around

I just can't give you up

[Chorus]

Turn it off turn it on
Off, off on, on
Keep me guessin' what you want
Guessin', guessin' what you want
[repeat 2x]

[Chorus]
