

Here I Go Again

The Sunstreak

And here I go again,
Struggling the same way I did before.
Stuck at the same dead end,
But finding that I'm liking it more and more.
And here I go again.
And here I go again. And here I go again,
Struggling the same way I did before.
Stuck at the same dead end
But finding that I'm liking it here more and more.
It's so repetitive-
All the words that spill out of my tongue.
I hope that you don't mind.
I sing it all the time.
It's always on my mind,
But I can't seem to find another way.
And all I ever want and all I ever need is you.
In the shadow of the doubt, you always seem to pull me through.
But my words are growing old and all I need to do,
Is find a new way to say "I love you." We spent so many nights trying hard to fix what wasn't right.
But it was only time, and time away is time spent on the run.
I never doubted you, I just couldn't seem to find my way.
But I was crumbling.
My words were stumbling.
The truth was humbling
And all it took was just one more chance to say And all I ever want and all I ever need is you.
In the shadow of the doubt, you always seem to pull me through.
But my words are growing old and all I need to do,
Is find a new way to say "I love you"
And all I ever want and all I ever need is you.
(All I ever want and all I ever need is you.)
In the shadow of the doubt, you always seem to pull me through.
But I'm takin' every step to find my way to you.
I know you'll understand that your lovin' gets me through.
My words are growing old and all I need to do,
Is find a new way to say "I love you." (Where you are)
It's where I wanna be.
(Sing to you)
You know I need you by my side.
(Take my hand)

I promise that I'll do my best to understand. And all I ever want and all I ever need is you.

In the shadow of the doubt, you always seem to pull me through.

But my words are growing old and all I need to do,

Is find a new way to say "I love you" And all I ever want and all I ever need is you.

(All I ever want and all I ever need is you.)

In the shadow of the doubt, you always seem to pull me through.

But I'm takin' every step to find my way to you.

I know you'll understand that your lovin' gets me through.

My words are growing old and all I need to do,

Is find a new way to say "I love you."
