

Nothing Between

Porter Wagoner

Nothing between lost love and lonely just a few broken vows and a million old dreams

The days are so long and the nights last forever

When you live day to day with nothing between

Once we were close there was so much between us

When love filled our world as we planned and we dreamed

Then something went wrong now we seems like strangers

So far apart with nothing between

[steel]

Nothing between your love and my love no plans being made to fulfill our dreams

We don't speak love words anymore like we used to

Something is wrong there's nothing between

It's just a short walk from love to lonely with no happiness anyplace to be seen

You're still here with me though many miles separate us

Your heart and mine has nothing between
