I Fought My Mum

Switchblade Kittens

Doing yard work in the hot sun
I fought my mum and my mum won, i fought my mum and my mum won
I needed money 'cause i had none
I fought my mum and my mum, i fought my mum and my mum won.

well shes so mad shes gonna call my dad, I'm not the perfect one
Well shes gonna learn a new meaning of bad
Cause i fought my mum and my mum won, i fought my mum and my mum won

Stick a fork in me i'm so done
I fought my mum and my mum won, i fought my mum and my mum won
I lost the car yeah, i lost my bum
I fought my mum and my mum won, i fought my mum and my mum won

shes so mad shes gonna call my dad, I'm not the perfect one
Well shes gonna learn a new meaning of bad
Cause i fought my mum and my mum won, i fought my mum and my mum won

I fought my mum and my mum won, i fought my mum and my mum won x7
