So Strange

CrumbÃ¤cher

As I'm seeing the potential in my circumstance, the lyric is beginning to rhyme.
I have a new found melody that's helping me dance, to the rhythm of perfect time.
And Oh, what is this I'm feeling down inside? tearing me away from faults of the past.
Such an alteration, what can I hide? can it be I'm starting over at last?

It's amazing, I can't deny. I'm somewhat overwhelmed (it's overwhelming) something's going on in my life,
It's such a radical change and I'm telling you It's so strange (so strange, so strange). It's such a radical change and I'm telling you It's so strange (so strange, so strange). It's so strange (so strange, so strange)

An increasing confidence in my soul alleviates any doubt.
As a new identity takes control, the old one's dying out.
And oh, with all of the improvements that have been made,
I'm hardly even recognizing myself.
Shooting for the works and making the grade.
is it really me or somebody else?

It's amazing, I can't deny. I'm somewhat overwhelmed (it's overwhelming) something's going on in my life,
It's such a radical change and I'm telling you It's so strange (so strange, so strange). It's such a radical change and I'm telling you It's so strange (so strange, so strange). It's so strange (so strange, so strange)

(nothing is) Nothing lost compared to what I've gained,
(God is so) Is so fantastical,
How else can I explain? 'cause it's so

And Oh, what is this I'm feeling down inside? tearing me away from faults of the past.
Such an alteration, what can I hide? can it be I'm starting over at last?

It's amazing, I can't deny. I'm somewhat overwhelmed (it's overwhelming) something's going on in my life,
It's such a radical change and I'm telling you It's so strange (so strange, so strange). It's such a radical change and I'm telling you It's so strange (so strange, so strange).It's such a radical change and I'm telling you It's so strange (so strange, so strange).It's such a radical change and I'm telling you It's so strange (so strange, so strange). It's so strange (so strange, so strange). It's so strange (so strange, so strange). Oh, It's so strange (so strange, It's so strange)

(so strange, So strange) So strange (so strange) So strange (so strange) So strange (so strange) So strange (so strange) So strange (so strange, so strange) So strange (so strange, so strange) So strange (so strange, so strange) So strange (so strange, so strange) So strange (so strange, so strange) So strange (so strange, so strange) So strange (so strange, so strange) So strange (so strange, so strange) So strange (so strange, so strange)
