

Under Your Skin

Black Yaya

some say you're not the way you were
some say that you've fallen
some say you're just a bet to her
that your heart was stolen
don't bother, don't listen
you lose and you win
she's your honor, your blessing
and she's under your skinunder your skin x4she found a dog and he's little (?)
but he gives her a lot of love
she sings a song like a riddle
in transmission from above
a message to decipher
a code to break in
a mystery to you and for her
well she's under your skinunder your skin x3
she's under your, under your, under your skinyou never had a coin to gamble
you never had a heat involved
you'd been through too many battles
and it was never your fault, no
but now the fight is not over
but you know what you're risking
you got it, your treasure
and she's under your skinunder your skin x3
under your, under your, under your skin
under your skin x7
