

Sanity

Butane

One two three fourThere's a watch in my pocket and its hands are broken

The face is blank but the gears are turnin'

(Confusion)

Is a fundamental state of mind

It doesn't really matter what I'm figurin' out?

I'm guaranteed to wind up in a state of doubtAnd sanity is a full time job

In a world that is always changin'

And sanity is a state of mind

That you believe in sanityThere's a shadow on the wall where the paint is peeling

My body's moving forward but my mind is reeling

(Depression)

Is a fundamental state of being

It doesn't really matter how my day has turned out?

I always end up living in this world of doubtAnd sanity is a full time job

In a world that is always changing

And sanity will make you stop it

You believe in sanityAnd sanity is a full time job

In a world that is always changin'

And sanity is a state of mind

That you believe in sanity
